

# MARINETEK

## ROLEC Master Range

Rolec offers the world's largest range of pre-payment and computer controlled marina services systems which are all available through the Marinetek marina services package. These systems are a joint development between the Omron Corporation of Japan and Rolec Services Ltd.

- Computer controlled electricity and water services
- Smart card controlled electricity and water services
- Coin or token operated bollards

### **ENERGYMASTER TIMEMASTER**

#### **Pre-payment electric and water bollards**

- Easy to install and use
- Up to 8 x sockets/taps per bollard
- Payment by coin or token or disposable card
- No additional cables or pipes required
- No computer required
- Provides exact time periods, kWh or litres per payment
- Class I accuracy time period meters used
- Low heat build-up solenoids used
- Anti-condensation heater
- Water filter
- Multi-tariff programmable
- Hand held programmer available
- Optional un-used credit zeroing keyswitch

### **BERTHMASTER**

#### **Computer control of electric and water bollards**

- Full control at the office computer
- Easy to use and install
- Pre-payment or credit accounts
- Individual switches on / off every socket and water tap on the marina
- Individually monitors and invoices every electrical socket and water tap
- Optional data screen on bollards, near the berths
- Will link up with any modern management software
- Uses class I accuracy electric meters
- Anti-condensation heaters and water filters in all bollards

### **SMARTMASTER**

#### **Pre-payment Smartcard operated electric and water bollards**

- Easy to use and install
- Smartcard can re-claim any un-used credit back from bollard onto card
- Check how much electricity and water is available on your bollard or Smartcard
- Security code on each Smartcard
- Extend Smartcard system to include:
  - Marina access barriers
  - Car park barriers
  - Sanitation Pump-out payment
  - Boat wash control and payment
  - Payment for showers / laundrette
  - Access to gym / club / changing rooms
- Link Smartmaster systems to office computer for overall control
